## **“The Iowa Project 2000”<sup>©</sup>**

### **#2**

#### **Mission Statement:**

The mission of "The Iowa Project 2000" is to track the progress of the Republican and Democratic presidential candidates prior to the Iowa Caucuses on 02/07/00. This will be accomplished by conducting a series of surveys over the course of 1999 and January of the year 2000. Only those individuals who indicate that they plan on attending the Iowa Caucuses on 02/07/00 will be surveyed.

#### **Sample Design:**

The sample for this survey was drawn from a computer database maintained by the state voter registrar, of all registered Democratic voters in the state of Iowa. Each registered Democrat who had voted in the 1996 or 1998 general election had an equal opportunity of being selected to participate in this survey. Only registered Democrats were called for this survey.

6288 random phone contacts were made in order to obtain the final sample of 300. (A screening question eliminated potential respondents who indicated that they did not plan to attend their precinct caucuses in February of the year 2000).

Only the respondents who were the listed registered voters and resided at the listed addresses were interviewed.

The primary data for this survey was obtained through 300 **complete**, 5-7 minute telephone interviews. The primary data was collected on June 3, 1999.

The results of this survey are based on the answers of all the respondents interviewed. This survey has a margin of error of + or - 5.647% with a 95% degree of confidence.

PSI is an independent market / survey research firm located in Alexandria, Virginia, that conducts political and corporate research. It is owned and operated by Craig Tufty, a former resident of Sioux City, Iowa. "The Iowa Project 2000" is not paid for nor affiliated with any of the presidential candidates, campaigns or their representatives.

Complete survey results are available for download at the following site on the Internet.
