BUSH MAINTAINS BIG LEAD IN IOWA CAUCUS POLL

THIRD "IOWA PROJECT 2000" SURVEY SHOWS FORBES SURGING TO SECOND WHILE DOLE SLIPS TO THIRD

Alexandria, Va – Support for George W. Bush continues to run deep and wide among likely Iowa Republican presidential caucus attendees. That according to an independent survey conducted by PSI of Alexandria, Virginia, released tonight by Capital Communications on television stations {WOI - Des Moines, Iowa}, {KCAU - Sioux City, Iowa}, {WHBF - Rock Island, Illinois} and {KLKN - Lincoln, Nebraska}.

This is the third survey of "The Iowa Project 2000", conducted by PSI, which will periodically poll likely Republican caucus attendees prior to the February 7, 2000, Iowa Caucuses.

"George Bush has managed to maintain his commanding lead over his nearest competitor, Steve Forbes, by more than two to one." said PSI president and project director Craig Tufty. "Bush still enjoys a solid base of support among all age groups, both sexes and Iowa Republican party political activists. His support is strongest among the 18-24 year old age group and the 25-34 year old age group, with significant majorities in the 35-64 year old age group. Party activists continue to give Bush substantial support. "

"Steve Forbes, a distant 8th (2%) in the 3/4/99 Iowa Project survey, now finds himself comfortably in second place with 14.6%. His support in all age groups, both sexes and among party political activists has risen dramatically. Elizabeth Dole, a strong second (16.4%) to Bush in the 3/4/99 Iowa Project survey, however, has seen her overall numbers erode significantly, dropping her to a soft third place at 9%. The Forbes surge appears to have come primarily at the expense of Dole and to a lesser extent from the other candidates, save Bush and Bauer."

"Dan Quayle, Patrick Buchanan, Alan Keyes, Lamar Alexander, and John McCain all lost ground in the survey and remain locked in a battle for fourth place along with Gary Bauer. Bauer is the only candidate other than Bush and Forbes who showed any increase in his poll numbers. Caucus newcomer Orrin Hatch received 1% ."

The PSI survey among 300 likely Republican caucus attendees, conducted on 8/9/99, showed the candidates standing as follows:

Candidate:	Actual %	% Undecided / pushed		Total:
George W. Bush	34.0		3.0	37.0
Malcolm S. "Steve" Forbes	13.3		1.3	14.6
Elizabeth Hanford Dole	8.7		.3	9.0
Dan Quayle	4.0		1.0	5.0
Patrick J. Buchanan	3.7		.3	4.0

STATEMENT OF METHODOLOGY

“The Iowa Project 2000”[©]

#3

Mission Statement:

The mission of "The Iowa Project 2000" is to track the progress of the Republican presidential candidates prior to the Iowa Caucuses on 02/07/00. This will be accomplished by conducting a series of surveys over the course of 1999 and January of the year 2000. Only those individuals who indicate that they plan on attending the Iowa Republican Caucuses on 02/07/00 will be surveyed.

Sample Design:

The sample for this survey was drawn from a computer database maintained by the state voter registrar, of all registered Republican voters in the state of Iowa. Each registered Republican who had voted in the 1996 or 1998 general election had an equal opportunity of being selected to participate in this survey.

5819 random phone contacts were made in order to obtain the final sample of 300. (A screening question eliminated potential respondents who indicated that they did not plan to attend their precinct caucuses in February of the year 2000).

Only the respondents who were the listed registered voters and resided at the listed addresses were interviewed.

The primary data for this survey was obtained through 300 **complete**, 5-7 minute telephone interviews. The primary data was collected on August 9, 1999.

The results of this survey are based on the answers of all the respondents interviewed. This survey has a margin of error of + or - 5.46% with a 95% degree of confidence.
