GORE DROPS IN LATEST IOWA CAUCUS POLL

Fourth "Iowa Project 2000" survey shows Bill Bradley gaining ground on Vice President

Alexandria, Va – Pre-caucus support for Vice President Al Gore softens among likely Iowa Democrat presidential caucus attendees. That, according to an independent survey conducted by PSI of Alexandria, Virginia, released tonight by Capital Communications on television stations {WOI - Des Moines, Iowa}, {KCAU - Sioux City, Iowa}, {WHBF - Rock Island, Illinois} and {KLKN - Lincoln, Nebraska}.

This is the fourth survey of "The Iowa Project 2000", conducted by PSI, which will periodically survey likely Democrat and Republican caucus attendees prior to the January 24, 2000, Iowa Presidential Caucuses. This is the second survey of Democrats.

"Vice President Al Gore's 39 point lead over former New Jersey Senator Bill Bradley has now dropped to just under 28 points." said PSI president and project director Craig Tufty. "Gore enjoys majority status among all age groups and both sexes. But this support appears to be softening. Among likely female caucus attendees, Gore's strength has dropped dramatically. It has also declined noticeably among self-identified Catholics. He remains strongest among union households, the 18-34 year old age group and the 65 year and older age group. He continues to maintain lessor majorities in the 25-64 year old age range."

"Although lagging in almost every demographic, Bill Bradley showed signs of increasing strength among the 25-34 and the 51-64 age groups, moderate to higher income level Democratic voters and self-described liberals. Bradley's support among likely female caucus attendees nearly doubled from the 6/3/99 Democrat survey."

"Education, health care, medicare and social security are among issues facing the country today that likely caucus attendees want the Democratic presidential candidates to talk about. The most important personal characteristics that likely caucus attendees look for in a Democratic presidential candidate continue to be honesty, integrity and trust."

The PSI survey of 300 likely Democrat caucus attendees, conducted on 11/8-9/99, showed the Democrat candidates standing as follows:

note: percentages may not add up to 100 due to rounding.

Candidate:	Actual %	% Undecided / pushed	Total:
Al Gore	44.7	8.3	53.0
Bill Bradley	20.3	5.0	25.3
Other Candidate	1.0		1.0
Neither	5.0		5.0
Undecided / pushed	13.3	13.3	
Undecided	15.7		15.7
Total:	100.0		100.0

STATEMENT OF METHODOLOGY

“The Iowa Project 2000”[©]

#4

Mission Statement:

The mission of "The Iowa Project 2000" is to track the progress of the Republican and Democratic presidential candidates prior to the Iowa Caucuses on 1/24/2000. This will be accomplished by conducting a series of surveys over the course of 1999 and January of the year 2000. Only those individuals who indicate that they plan on attending the Iowa Caucuses on 1/24/2000 will be surveyed.

Sample Design:

The sample for this survey was drawn from a computer database maintained by the state voter registrar, of all registered Democratic voters in the state of Iowa. Each registered Democrat who had voted in the 1996 or 1998 general election had an equal opportunity of being selected to participate in this survey. Only registered Democrats were called for this survey.

4811 random phone contacts were made in order to obtain the final sample of 300. (A screening question eliminated potential respondents who indicated that they did not plan to attend their precinct caucuses in January of the year 2000).

Only the respondents who were the listed registered voters and resided at the listed addresses were interviewed.

The primary data for this survey was obtained through 300 **complete**, 5-7 minute telephone interviews. The primary data was collected on November 8-9, 1999.

The results of this survey are based on the answers of all the respondents interviewed. This survey has a margin of error of + or - 5.62 % with a 95% degree of confidence.
